

Khristyna Arnoldy

Senior Product Designer

KhristynaUX@gmail.com • (218) 838-6089 • Saint Paul, MN

SUMMARY

Lead Product Designer with 5 years of experience driving end-to-end UX/UI across multiple products. Proven ability to own product design strategy, lead and mentor design team members, and collaborate with cross-functional stakeholders to deliver high-impact solutions. Pioneer of AI-augmented design workflows — including AI-assisted prototyping, automated component library management via Claude Code, and team-wide AI enablement. Experienced in building enterprise-scale design systems, complex data-heavy interfaces, and presenting research-backed design decisions to leadership.

WORK EXPERIENCE

Lead Product Designer | TransPerfect *May 2022 – Present*

- Pioneer and champion of AI-augmented design workflows across the team — including AI-assisted interactive prototyping, automated Figma component library audits and cleanup using Claude Code, and hands-on coaching of teammates on AI tooling adoption
- Lead product design across multiple concurrent enterprise platforms, owning end-to-end design from discovery through delivery
- Own full design lifecycle — from stakeholder alignment, user research, and usability testing through to high-fidelity design, interactive prototypes, and design documentation
- Drove complex company-wide client structure redesign initiative, coordinating across UX, product, and engineering teams
- Designed and scaled an Advanced Search feature with AND/OR query logic across 3 products, enabling teams to perform complex, highly specific searches at scale
- Designed a configurable form generation feature currently adapted across multiple products, streamlining structured data collection workflows
- Led major dashboard and navigation revamp for a program management platform: conducted discovery, created personas, ran workshops, and defined IA to centralize navigation and surface role-relevant data
- Conducted qualitative user research sessions (moderated interviews, surveys, usability tests) to drive evidence-based product decisions across multiple initiatives
- Mentored a direct report, providing day-to-day design guidance and delegation to support team growth and throughput
- Core contributor to the shared design system, driving consistency and accelerating delivery across platforms
- Ensured accessibility compliance and maintained design specs, component documentation, and user flows
- Represented the UX team at an internal global tech conference in London (May 2026), bringing back industry insights to inform team direction

Freelance UX Designer | Cozy-Shoppe *Aug 2021 – Jan 2024*

- Designed and shipped a responsive e-commerce platform for a handmade skincare brand, optimizing purchase pathways and increasing conversion rates
- Managed full project lifecycle independently — from client discovery and wireframing through to launch — while maintaining clear stakeholder communication

Transaction Coordinator / Office Manager | Bridge Realty *Aug 2019 – May 2022*

- Managed end-to-end real estate transactions and developed new office policies to streamline administrative workflows and improve team productivity

SKILLS & TOOLS

Design: Product Design • UX/UI Design • Interaction Design • Information Architecture • Responsive & Mobile Design • Data Visualization • Accessibility (WCAG)

Research: User Interviews • Usability Testing • Survey Design • Competitive Analysis • Stakeholder Workshops

AI & Tooling: Claude Code • AI-Assisted Prototyping • Figma (advanced, inc. Figma Make) • Adobe XD

Process: Design Systems • Agile / Scrum • Cross-functional Collaboration • Mentorship • B2B SaaS • MVP Delivery

EDUCATION

Google Professional UX Design Certificate *Coursera*

Bachelor's Degree, Translation & Interpretation *Kyiv Institute of Translation and Interpretation*

Associate's Degree, Office Administration *Century College, White Bear Lake MN*
